

Pablo Paradela

I am an adaptable full-stack Developer with strong communication skills and problem-solving abilities. Completing an intensive Java bootcamp has equipped me with expertise in back-end architecture, front-end frameworks, and database management. I excel in team collaborations, translating complex technical ideas clearly, and managing tasks efficiently under pressure.

Passionate about continuous learning and web development, I bring an innovative mindset to create user-focused, technically sound solutions. Ready to contribute to development teams that value adaptability, creativity, and strategic problem-solving.

EDUCATION & TRAINING

Full-stack Java - School of Applied Technology </salt>

2024

Intensive three months training program for full stack web development with a focus on TDD, mob programming, and applied learning. Acquired solid foundation in Java and frameworks such as Spring. I also have hands-on experience utilizing Docker, GitHub actions and cloud computing (Azure).

Professional Training Course in Digital Graphic Design – Escuela Da Vinci

2014

Gained foundational knowledge in Graphic Design, Art, and Marketing. Proficient in Adobe Photoshop, Illustrator, and InDesign.

Bachelor of Journalism – I.S.A.D., Journalist

2010 - 2012

Graduated with a focus on developing strong storytelling and analytical skills essential for creating impactful narratives across media platforms. This background has sharpened my communication abilities and my capacity to break down complex topics effectively.

Bachelor of History – Instituto Dr. Arturo Jauretche, History Teacher

2007 - 2009

Graduated as a History Teacher with a comprehensive understanding of historical analysis, critical thinking, and educational methodologies, enhancing my ability to communicate complex ideas and engage effectively in educational settings.

WORK EXPERIENCE

Head Bartender – Radisson Hotel Group

2022 - 2024 (Stockholm, Sweden)

Led a dynamic team to deliver exceptional customer service and efficient bar management, including event coordination and stock supervision. Fostered a collaborative work environment that enhanced team productivity and customer satisfaction. Managed daily administrative tasks such as cash register closings and report submissions, demonstrating strong leadership and multitasking skills in a fast-paced setting.

Journalist, Editor, Chronicler – Diario La Prensa / Grupo Editorial La Capital

2011 - 2019 (Buenos Aires, Argentina)

Developed Kotlin-based microservices to deliver a new product, using SpringBoot REST APIs and deploying with Docker and Kubernetes. Collaborated closely with product managers, UX designers and frontend developers to align on product goals and meet technical needs. Utilized AWS, MongoDB, Terraform and CI/CD pipelines for processing data from microservices. Enhanced team's documentation to improve developer experience.

Office Manager – Juzgado de Faltas, Municipality of Moreno

2009 – 2019 (Buenos Aires, Argentina)

Managed daily office operations, supply chains, and event coordination, fostering a productive work environment. Demonstrated leadership in budget management and problem-solving, contributing to the office's efficiency and resilience during budget constraints. Promoted collaboration and maintained positive relationships with staff to ensure smooth workflow.

TECHNICAL SKILLS

General

Java
TypeScript / JavaScript
Python

Backend

Spring
Maven
JPA
REST API
MVC / Web API
HTTP / JSON
PostgreSQL

Frontend

ReactJS
HTML / CSS / Vanilla JS
Tailwind
Figma
Vite
TanStack Query
Bootstrap

Tools and Technologies

Visual Studio Code IntelliJ
Git
GitHub Actions
CI CD pipelines
Docker
JUnit / Mockito
Jest
Photoshop
Illustrator
WordPress
